Abstract

People use spatial language

Keywords: Pragmatics, implicature, spatial language

Introduction

Spatial language is cool.

Modeling spatial implicature

Let's model it!

Experiment

Let's test it with.

Participants Here's who we asked.

Method. This is what we asked them.

Results. This is what they answered.

Comparison to model

Hooray for implicature ($p < 0.05$)

Discussion

Slack n such
